PRUEBA VÁLIDA

Gramática a validar:

```
package UNPA ;
public class Switch_Project{
public static void main ( String [ ] args ) {
int day = 5 ;
String dayString= " Hoy es ";
switch ( day ) {
case 1: dayString+= " Lunes ";
break;
case 2: dayString+= " Martes ";
break;
case 3: dayString+= " Miercoles ";
break;
case 4: dayString+= " Jueves ";
break;
case 5: dayString+= " Viernes ";
break;
case 6: dayString+= " Sabado ";
break;
case 7: dayString+= " Domingo ";
break;
default: dayString+= " Dia invalido ";
break;
}
println (dayString);
}
}
```
